

Pressemelding fra Island Drilling Company AS, 27.06.2017

Island Drilling Company, har inngått kontrakt med OMV Norge AS for boring av en brønn på Wisting-lisensen (PL 537) med riggen Island Innovator.

Oppstart er planlagt i tredje kvartal 2017.

Riggen ligger for tiden i varmt opplag på Hanøytangen utenfor Bergen. Fram til oppstart er det planlagt prosjektaktiviteter, samt trening av mannskap ombord på riggen.

Island Drilling Company AS er glad for at OMV Norge AS valgte vårt selskap til dette oppdraget, og til Odfjell Drilling AS som vil stå for gjennomføringen av boreoperasjonen.

Mvh,

Roger Simmenes

Press release from Island Drilling Company AS, 27.06.2017

Island Drilling Company AS, is pleased to announce that the company has been awarded a drilling contract with OMV Norge AS.

The contract is for 1 (one) well at the Wisting license (PL 537) with the rig Island Innovator.

Start-up is scheduled for 3rd quarter 2017.

Island Innovator is currently in warm lay-up at Hanøytangen, Bergen.

In the period from contract date until commencement date, project activities and training of crew on board the rig will be carried out.

Island Drilling Company AS is grateful that OMV Norge AS choose Island Drilling Company AS together with the management company Odfjell Drilling AS, to perform their drilling activities.

Best Regards,

Roger Simmenes

CEO
